## **Doodle Words Art**

Doodle Words combine drawings with words. It's a playful process for adding visuals or images to text to make it more interesting and eye-catching. The images you use are not just random but are associated with what you're writing. Each doodle represents something about the words. Learn to combine hand lettering and carefree doodles into your own artwork.

## **Water Colour Painting**

Watercolor paint is a translucent art medium. Watercolor is basically a colored pigment in a water-soluble binder. The paint dissolves when you add water allowing the pigment to spread with a brush. Learn to paint basic shapes and flowers

## **Coffee Painting**

Coffee painting is created by adding coffee (usually instant) to water and varying the strength to get different colors and tones. Apply colour pencil shading technique with coffee painting and create your own coffee-based works of art.

## **Acrylic Painting**

Acrylic paint is a water-based, fast-drying paint made of tiny particles of plastic acrylic resin and pigment. It is typically non-toxic, and when dry, the particles fuse to become a robust and water-resistant paint. Learn about colour-blending, combine painting and dotting techniques to create floral, mandala, dessert, landscape and abstract art painting works.

## **Batik Painting**

Batik painting is a type of art where patterns are made on fabric (cotton) using wax. Once the patterns are completed and the wax is dried, fabric dyes will be applied onto the patterns. This process is repeated until the desired design is achieved. Create unique batik arts combining different line drawing with floral motifs.

Duration: 1.5hr - 3hrs (customisable)

Mode of delivery: Classroom

Course Fee: Based on requirement
